RE: Olin Corp./McIntosh Superfund Site
Technical Meeting - June 10, 1993

Dear Mr. Johnson:

This is to confirm the June 10, 1993 technical meeting for the Olin Corp./McIntosh Superfund site located in McIntosh, Alabama. The meeting will be held at the Alabama Department of Environmental Management office at 1751 Congressman W. L. Dickinson Drive. The meeting is scheduled to begin at 10:00 a.m. For further details on the exact location, etc. for the meeting, please contact Mr. Justin Martindale, ADEM at (205)260-2786.

The meeting will give all Trustees (both State and Federal) and opportunity to provide input in formulating additional sampling efforts that will have to occur in the Basin and associated wetlands (OU2). I anticipate initiation of this additional sampling during the early fall.

Subsequently, this information will be presented to the PRP at a meeting in the EPA office in Atlanta on July 7, 1993. Your presence at the June 10, 1993 meeting is crucial in order to assure that all concerns are addressed prior to presenting this information to the PRP.

RE: Olin Corp./McIntosh Superfund Site
Technical Meeting - June 10, 1993

Dear Mr. Martindale:

This is to confirm the June 10, 1993 technical meeting for the Olin Corp./McIntosh Superfund site located in McIntosh, Alabama. The meeting will be held at the Alabama Department of Environmental Management office at 1751 Congressman W. L. Dickinson Drive. The meeting is scheduled to begin at 10:00 a.m. Thank you for handling all of the logistical information in preparation for this meeting. I anticipate that the meeting last more than a couple of hours. Possibly, we may have to break for lunch and wrap up any additional issues when we return.

The meeting will give all Trustees (both State and Federal) and opportunity to provide input in formulating additional sampling efforts that will have to occur in the Basin and associated wetlands (OU2). I anticipate initiation of this additional sampling during the early fall.

Subsequently, this information will be presented to the PRP at a meeting in the EPA office in Atlanta on July 7, 1993. Your presence at the June 10, 1993 meeting is crucial in order to assure that all concerns are addressed prior to presenting this information to the PRP.
